

Defeat SB871

Draw the line at taking away a parent's ability to make these kinds of decisions for a child.

Stop the Government from Co-Parenting with You

SB871 prohibits your child from going to any public or private elementary or secondary school, childcare center, day nursery, nursery school, family day care home, or development center, unless they have been fully immunized against COVID-19. This bill would remove the personal belief exemption from any additional immunization requirements deemed appropriate by the department.

The California Department of Health will be able to dictate mandatory vaccines for all students for any future vaccine, without having to go to the State Legislature for approval.

What To Do

The most efficient and effective way to defeat this bill is to go on social media, i.e., Facebook, Twitter, and tag the California State Senators on the Senate Education and Senate Health Committees. Doing so has a multiplier effect. For example, "No co-parenting with the state of California! Vote no on SB871!"
