From Our Superintendent/Principal

We are completing our 6th week of online learning and I am so proud of our teachers and students. I continue to see our teachers providing new digital ways of teaching and engaging, and students who are working hard to learn and master the standards at their grade level. It is very important for students to be online and prepared at their scheduled times and then doing their work and submitting it through their Google Classroom

daily. Parents in 4th-8th grade - continue to check PowerSchool to see how your child is doing. A huge thank you to our office secretaries, Hilda and Alma who patiently help parents with technology issues and internet suggestions. Spring Grove does offer free internet in the parking lot and at the school tables outside of the campus. We are working together to make learning occur for everyone.

SCHOOL PICTURES

This year school pictures will be taken after school between 2:00-6:00 p.m. and on a Saturday in early October.
