### From Our Superintendent/Principal

Happy New Year! We are excited to see everyone back and ready to learn. During this coming semester we will continue to focus on mastery of standards and the social emotional well being of our students. We will focus more on what our students are learning in the ABC reader program and the middle school

Social Emotional lessons. It is very helpful when you talk with your child at home to help support them and their feelings. We will start sending parents information about what the students are learning from the ABC program so that you can support it as well. ABC stands for Asset Building Champions!! .
