## From Our Superintendent/Principal

Who would have ever thought that we would be teaching virtually? I have been in education for 32 years and I never dreamed that we would be teaching children this way. I am so proud of the hard work that our students, parents, and staff are doing to ensure that learning is occurring. This is not an easy task for anyone, but we can do hard things! If you are having internet trouble, remember you may have lots of devices that are in your

internet. When your children are online, be sure that nothing else is taking up the internet—streaming videos or music by someone else and turn off all other devices. This may help. When your student is in their classroom online, please help them to be ready for school with their materials in front of them. It is better if your child's screen is also on so that the teacher can see that they are engaged and participating. Together we will make it work!

- 9/4 - Tie Dye Day
- 9/11 - Neon Day
- 9/18 - Decades Day
- 9/25 - Green Day

## CONFERENCE WEEK

Our parent/teacher/student conferences will be held the week of September 28th-October 1st. Teacher will be in touch with how to access your conference.

## WHEN WILL WE RETURN TO SCHOOL?

That is the big question. Once San Benito County's active cases are drastically reduced, the state will allow schools to reopen. Thank you for doing your part by social distancing and wearing a face covering when you cannot social distance outside, and for wearing it inside as well. We miss our students and we look forward to being back together again.

## STAY INFORMED

Check out our school website for the grade level Google Sites. These are kept up to date with schedules, links to classes, and many other tools to help our students and parents.

During the past 2 weeks, your child has taken their i-Ready Reading and Math assessments online. This data gives our teachers information on where your child is academically. Your child now has a learning plan with lessons to support them. Please have your child spend time each day on the lesson in both subjects. The goal is to do 45 minutes of math and 45 minutes of reading during the week. The District will send you the results of the diagnostic so you can see where your child has strengths and where they need additional practice.

## CALENDAR

- September 7th: NO SCHOOL - Labor Day
- September 10th: Board of Trustee Meeting 6:00 pm Library
- September 12th: i-Ready diagnostic for Reading and math closes
- September 28th: October 1st: Conference week / 1:00 dismissal all week (Thursday schedule)
